

CTP ENVIRONNEMENT: THE CLEANING LEADER GROWING IN HOUSTON

We are thrilled to welcome Stephane Vighetthi and his team in Houston, new members of our network!

After numerous years serving clients in Houston, CTP Environnement decided to grow their local team. Founded in France, CTP is an industry specialist in chemical cleaning and in the deployment of mobile treatment units with 190 employees, 6 subsidiaries (Singapore, Portugal, Brazil, Canada, USA and UK). Its main clients of CTP are refineries, chemical industry, petrochemicals, energy production, pulp & paper and incineration with among other as clients EXXONMOBIL, SHELL, SUNCOR, HUSKY, NARL, IRVING OIL, Hollyfrontier, TOTAL, BASF, Syncrude, VALERO.

After a successful expansion in the Canadian market, the new Houstonian location supports CTP's growth in the US, being closer to its clients located in the Gulf coast.

The CTP's integrated equipment makes possible to treat problematic effluents on site, at reduced costs. CTP works at all levels, from design to operation, to best meet the needs of its clients' expectations.

The French American Chamber of Commerce is proud to support and assist CTP environnement in its growth in Texas.

Stephane Vighetthi
VP Director North America at CTP

Joining CTP as a project manager a few years ago, Stephane was quickly promoted as Director of CTP North America. He has successfully increased CTP business in Canada. He is leading the growing team in Houston.
