

CTP environnement, 100 years of experience and innovation

A century of expertise in the service of industry

For 100 years, at CTP environnement, we have been serving industry with our experience, expertise, and capacity for innovation.

A century of commitment alongside industry businesses, forged in the field, at the core of the most challenging facilities.

Specialising in effluent treatment and industrial chemical cleaning, we have evolved around a firm commitment: to deliver reliable, high-performance, and sustainable solutions tailored to the realities of the industry.

Every project, every intervention, and every technological innovation has played a part in building an essential relationship with our clients and partners: that of trust.

AEROMOBIL®: a modular, compact and automated solution

We provide water treatment services using flotation technology through our AEROMOBIL® mobile unit. From assessing your requirements to operating the unit, we support every stage of the project to deliver a solution tailored to the constraints of each site.

Quickly deployable, compact and automated, AEROMOBIL® can be used to provide additional treatment, maintain operational continuity during maintenance work or help ensure discharge compliance.

Station by-pass for maintenance

A major actor of the chemical and petrochemical world industry in South America and the United States has consulted CTP ambiental to by-pass its BIOX station located on Rio de Janeiro, currently dealing with effluents issued from its production of both thermoplastic resins and of polypropylene. [...]

Although the schedule was strictly defined and difficult to meet due to important constraints in terms of transport and importation of equipment, the commissioning and reception were both within the time limits required by the client. Preliminary studies and collaboration between the client's team and CTP environnement Group staff took a great part in this success.

Behind the expertise, committed people

**Philippe
BARRE**
CEO

Team Member of the Month

"When I look back at how far we have come, I think of all the people with whom we have written this story."

"The company's development is essential, of course, but what also matters most are the teams, the human relationships and the trust we have built over the years."

A century of commitment and innovation

100 years of industrial expertise serving the future

Over the decades, **CTP environnement** has continuously evolved its methods, integrated new technologies, and anticipated transformations within the sector while preserving what has been its strength for 100 years: recognised technical expertise, in-depth mastery of industrial processes, and the ability to design tailor-made solutions that meet the specific needs of each industry.

Present throughout France and beyond its borders, **CTP environnement** relies on a national and international organisation structured around its various subsidiaries. This scale enables the Group to support its clients wherever they operate, deploying reliable, high-performance solutions adapted to local requirements.

This centenary represents far more than an anniversary. It embodies 100 years of solutions, commitment, and innovation in the service of a more efficient, more responsible, and future-focused industry.

Today, as in the past, **CTP environnement** supports industry with the same ambition: to combine industrial performance, innovation, and environmental responsibility in order to meet the challenges of tomorrow.
